There is and has always been a global conspiracy against the sovereign psyche. An ongoing war through subliminal programming, hypnosis and word spells. With cunning and covert expression, The “3rd eye” has infiltrated the minds of all who have interest in certain knowledge and topics, or those who according to their experience have achieved certain mental states, or the ones who claim to have insight into particular hidden operations or motives, etc.

This is the 3rd placement of what all masters, sages, seers of antiquity has known as the पहली आँख (pahalee aankh) by the hindu occult students of shaivism, as the עין ראשון (i-yan raashwan) by the kabbalistic high priests of archaic yisreal, and the **Primus Oculus** by the mystics of the greco-roman empire as well as all true hermetic, rosicrucian and freemasonic clandestine circles. This is....

The First Eye

The 3rd eye placement doctrine that has blinded the entire world has a hidden meaning and intent. The “3rd eye” acknowledgement phenomenon is not by accident and is masked as a resurgence of consciousness and a false awakening of the masses. Yes!! All “3rd eye” information and knowledge is skewed, warped, incomplete, and promulgated by the nefarious and ultra-blind teachers and speakers.

The eye you saw with while in your mothers womb was not your flesh eyes in front of your face. The original eye, the first eye, is what the world ignorantly refers to as the third eye, placing one of either the left or right eyes primary and the mind's eye, the inner eye, the first eye, in third place.In this we will not go into the details of the operations of the two flesh eyeballs which are of no concern here.

When operating from the 1st eye of an opposite (another person, a 1st eye that is not yours) you become the third eyer, seeing through the first eye of the one you give your allegiance to, attention to and adherence to. When a person is looking at you, facing each other, exchanging ideas, interchanging energies, accepting impressions and etc, you are only going according to

the two eyes you see looking at you and your first eye, your inner eye, clothing the object with the positive or negative thoughts of your minds eye which is the first observer, the first eye. Also the thoughts and ideas of the one beholding you is coming from their First eye, not the two eyes looking at you.

It is so detrimental to understand that it was so necessary for the sound and symbol of what establishes an individual's identity to be exactly what sounds like what is needed to have individuality and an identity, “eye” and “I” as in “I am”. This is not a mere accidental homophone, this is intentional wordcraft and word magick.

Those that have an I am to see, let them I am. When operating from the I am or the First eye of another person, you relinquish your rights and your lefts, becoming the right or left eye of the one observing you, which is the “3rd eye”, going either direction wherever wanted by the First eye of him or her. The human being possesses 3 eyes, and just as there are 3 initial degrees of freemasonry and until reaching the last one which appears to be the 3rd one, but without that so-called “3rd”degree none can enter any other degrees above it, that 1st degree before all other degrees must be obtained. Just as all master builders who have created great sights for all eyes to see were seen First in the mind of them.

How can a spiritual person annunciate "third eye" referring to the First eye concerning spiritual matters, by placing the material/physical eyes observations First? This information goes beyond the gland. If the first shall be last and the last shall be first.. Shall it be fulfilled that the two front eyes will be last recognized and the eye that was last placed be the First, And Eye, if Eye/I be lifted up, I will draw all men unto me John 12:32 KJV.

The First Eye being the primary seat of the soul, is in direct agreement with the matters of the Heart, for First Eye is first I. First I! I come first. Before all and above all, Knowledge of self and the principle of self preservation

With understanding the truth about the Glorious First eye and “third eye”, it would be blasphemy to refer to the Primus Oculus, the eye that precedes all sight, as one of the two meat viewers, a horrible and damned position for the cardinal beholder, and will see the diabolical agenda to hold claim on your brains throne right in your First eye and right before your two flesh observing appendages.

This is important because since ancient times the first eye was not just an occurrence formed from the meatsack bonebag that the first eye operates in, not at all, the First eye was and is literally a direct copy of the eye of the ALL MIND, the eye of eyes of eyes that sees forever, creating from the invisible, visible only by one..You.

This is esoteric information, but what is esoteric knowledge in the age of aquarius? Now is the time for the ultimate doctrine and truth to be known, the Primus Oculus, The First Eye. And he who lives the life shall know the doctrine.

The time is Now for us who recognize the rightful place of the One True Observer, those of us who had not to "develop" the Original sense, to attain your absolute, the ones of you who cut off the forced Hypnotic Rhythm of the husks and shells of "self", wherewith the hive mind is happily supplied with Eyedentification confirmation.

The Primum Oculus can be clearly seen when the First Eye of Amen Ra is made Vertical along with the Ankh.

1>3 3<1

In the world of numbers, there's an undeniable truth: the power of 1 surpasses the might of 3. With its simplicity and elegance, 1 stands alone, unrivaled and incomparable. While 3 may strive for significance, it will forever fall short in the shadow of the solitary 1, a symbol of singular strength and uniqueness.

MYSTERY OF THE INRI

John 19:19-20 KJV "And Pilate wrote a title, and put it on the cross. And the writing was, JESUS OF NAZARETH THE KING OF THE JEWS. This title then read many of the Jews: for the place where Jesus was crucified was nigh to the city: and it was written in Hebrew, and Greek, and Latin."

The initials "INRI" stands for the Latin imprint "IESVS NAZARENVS REX IVDÆORVM" (Iesus Nazarenus, Rex Iudaeorum), which in English translates to "Jesus the Nazarene, King of the Jews".

"INRI" is the message that was posted above Jesus Christ while being crucified according to the story. Let us establish some details before we go further. In Western Christianity, most pictures of Jesus on the cross have a sign above his head with the letters INRI in Latin. This sign is often carved on the cross, right above Jesus' head. People started using the abbreviation INRI instead of the full inscription around the 10th century, as seen on the Gero Cross in Cologne around 970 AD. However this is only the exoteric information given to the sheep and masses.

Matthew 27:33 KJV “And when they were come unto a place called Golgotha, that is to say, a place of a skull”

The hidden message in the imprint above jesus being crucified is: INNER EYE

INRI = IN-N(e)R-I = INNER EYE

INRI = IN-N(e)R-I = INNER EYE

INRI or Inner Eye is the message all Jesuits, Rosicrucians, Christian Mystics and the like secretly know when looking at the image of the crucifixion. This is what your priests and pastors are appointed to hide from the people, sacrificing your inner eye, the First eye.

INRI represents the concept of the "Inner Eye," symbolizing the awakening of inner consciousness and spiritual insight. This inner eye is often associated with the pineal gland, located within the human skull, not to be confused with the accursed “3rd eye” which is the total opposite of the Inner eye also known as The First Eye. This Inner Eye goes beyond the pineal gland and in this case enters forms of higher consciousness, insight and observation through sacrifice of self and entering the consciousness of all people by being the ultimate example of the God-Mind or the Mind of THE ALL. John 14:2 KJV “In my Father's house are many mansions: if it were not so, I would have told you.”

According to ancient esoteric teachings, such as those of the Essenes and early Gnostics, Jesus Christ (or Yeshua) can be seen as a representation of the illumined or enlightened mind or The Nous meaning Higher Mind.

Examples of the INRI/First Eye of Jesus Christ:

John 14:6 KJV “Jesus saith unto him, I am (is) the way, the truth, and the life: no man cometh unto the Father(Father meaning Mind/God-Mind), but by me.”, meaning I am is the way, truth and my life, no one enters into my mind and life but by my permission.

John 14:2 KJV “In my Father's house are many mansions: if it were not so, I would have told you.” meaning in the My Father Mind or God-Mind are many mentions and minds...

John 10:30 KJV “I and my Father are one. Meaning he and HIS Inner Eye or First Eye which was unto the Mind of THE ALL or God-Mind are One.

All of these sayings of the INRI had Jesus murdered and he was mocked with what he was referring to himself as, the Inner Eye.

Golgotha: Place of a Skull: The crucifixion of Jesus at the "place of a skull" can be seen as a symbolic representation of the location of the Inner Eye (INRI), which is within the human skull. This suggests that the crucifixion, in this context, is a Dual metaphor, 1. for the sacrifice or surrender of the egoic self to access higher spiritual consciousness located within the skull. 2. for the sacrifice or surrender of the Inner Eye to opposing forces.

This message that has been hidden has finally been revealed and will incite (insight) the resurrection of the INRI's ages to come.

Our universal signet is a 1st eye engulfed in flames, it is also the exhalation smoke from the mouth, therefore the Official First Eye Society advocate the full decriminalization and legalization of Cannabis.
With everything in moderation being understood to the fullest, the first high of the First Eye is the Most High.

Matthew 6:22-23 KJV
22.The light of the body is the eye: if therefore thine eye be single, thy whole body shall be full of light.
23. But if thine eye be evil, thy whole body shall be full of darkness. If therefore the light that is in thee be darkness, how great is that darkness!

The understanding of the words of the representative INRI says the light of the body is the eye. The eye, not the eyes, but the Eye. This special eye is the Light (life, knowledge, etc) of the body. If this Eye is single...singular, alone, by itself, no other eye alongside this eye (not as the two flesh eyes in the front of your head has a partner) ....if this eye is single, the whole body will be full of light. However, if this special eye is EVIL...., let's stop here for a moment and address the issue of Single and Evil not being immediately understood as opposites of each other.

What needs to be understood here is in the case of what is EVIL, what is Evil here is the Live or Life and existence of an opposite life or mind amidst and sharing space and time with yours, hence the opposite of being Single, by yourself. If your eye be Single you shall be filled with light, but if your eye be influenced and based on an opposite eye or light (which is considered immediately an Evil to the speaker of these words which is Jesus Christ)..it says thy whole body shall be filled with darkness.

Now listen, it continues and says, If therefore the light that is in thee be darkness...How great is that darkness! Meaning the "Light" that is of the opposite Eye is great darkness to your body or life, because you will never be anyone but yourself and no one can be you. It is impossible, Evil blasphemy in itself according to the example of the Inner Eye.

In conclusion, the revelation of the First Eye, often hidden behind the Latin inscription INRI, brings to light a profound and esoteric truth. It symbolizes the Inner Eye, the seat of higher consciousness and spiritual insight, distinct from the commonly misunderstood "third eye." This Inner Eye, found within the human skull, represents the awakening of individual consciousness and its connection to the universal Mind of THE ALL.

As we delve into the teachings of Jesus Christ, we find that he embodies this concept, representing the illumined or enlightened mind, the Higher Mind known as The Nous. His crucifixion at Golgotha, the "place of a skull," serves as a dual metaphor—symbolizing both the surrender of the egoic self to access higher spiritual consciousness and the sacrifice or surrender of the Inner Eye to opposing forces.

The words of Jesus in Matthew 6:22-23 underscore the importance of the Eye being singular, not influenced by an opposite perspective. A single Eye fills the entire body with light, while an Eye influenced by opposing forces leads to darkness. Recognizing the significance of this truth allows us to navigate the intricate interplay between the First Eye and the external world, ensuring that we remain true to our inner selves and the divine connection within us.

The unveiling of this hidden knowledge, the Primus Oculus, invites us to embrace our inner light and consciousness fully. It is a call to awaken the Inner Eye, to seek the truth within ourselves, and to transcend the illusions of the external view. As we embark on this journey of self-discovery and spiritual enlightenment, may we remember that the true Light resides within, illuminating our path to greater understanding and unity with the First Eye.

The Symbol of the Primus Oculus dates back many centuries, it is said to have originated from the days of Mu, Lemuria, Atlantis, Mesopotamia and Egypt. It has been passed down by the ancient practitioners of mentalism, meditation, invocation, etc and is used for protection, ritual, etc. Even more feared and revered than the "Evil eye", It said among the Mystics and Sages of renown that the Primus Oculus was what Jesus drew in the sand.
